

Approval Letter of Research Ethics Committee

Ref:

Office Order:

Title of the Research Project: _____

Author (s) Name: _____

Consent Statement: The study successfully fulfilled all the requirements set by the International Standard University Research Ethics Committee (ISUREC). It was ensured that all the participants involved in this project were well-informed and provided with written/oral consent before conducting interviews. The author/s also confirmed that no harm had been caused to the participants during data collection in the research. All the information of this study was used for academic purposes and the names of interviewees were kept anonymous. Therefore, the Research Ethics Committee of ISU agrees to approve the research paper/study/research findings for publication.
